

Jensen Delivers...

USPS CBUs manufactured by Steel Craft Corporation®

Free-standing Cluster Box Units come in 8, 12 and 16-compartment tenant configurations and a 13-compartment unit sized for business tenants.

Cluster Box Units:

- Each unit features heavy-gauge aluminum including doors, compartments and inner and outer cabinets for durability and security
- 300 stainless steel hardware and hinges are standard
- Tough, corrosion-resistant painted surfaces
- Accessibility designed for mail carrier ease
- Robotically welded cabinet and seams
- Parcel locker equipped with 306P lock
- Cam locks with spring loaded covers
- Heavy-gauge aluminum pedestal for stability
- Design combats mail theft and reduces break-ins
- Accessories, kits and custom colors options
- Weather resistant
